Title: Real Love

Author: Candace Lovelace

DreamWalker walks
by and my breath is
taken away. I see
forever for the first
time and am scared to
death. But yet a calm
comes over me like
sleeping in a patch of
beautiful
wild￼owers. I want
him, I don't know
when or where, but I
will marry him, I am
patient and love him
deeply so I have faith
that this is my soul
mate and all will show
itself in due time.

I see him and yet I
don't feel his love like
I should, what do I
have to do? I want him
so bad, but all he
wants is his friends
and warrior guild. I
am patient though and
know his heart will be
mine in time.
